For more information please visit our website or our Facebook page

[www.pickandplaycsa.com](http://www.pickandplaycsa.com)

- Grass feed beef samples
- Fresh garden samples and packages for sale
- Discuss the opportunity to be part of a CSA with nutrient dense produce
- Breakout sessions and tours of the farm
- Entertainment for the kids

### Why Pick-N-Play CSA?

We are not like any other CSA, we look at what it takes to grow nutrient dense produce and explain what it takes to keep or buy produce that will store and not become rotten.

### We have:

- 2.5 acres of vegetables and fruits
- 10 acres of sweet corn
- Corriente cattle: Low cholesterol, low fat breed

We are a rich agriculture family farm with 182 acre spread. We are a certified organic farm and have been farming for well over 20 years. Come learn about the different organic food options available at our farm.

**Owners:** Rhett Littrell & Bernie Buehler

Come meet  
the partner  
who raised the  
11 foot tall  
tomato  
plants
